ABOUT US

Set along the dramatic cliffs of the Firostefani Caldera, Sun Rocks is a collection of intimate suites designed for privacy, romance and uninterrupted views. Partially carved into the volcanic rock, the architecture blends Cycladic purity with contemporary minimalism, creating spaces that feel both grounded and refined.

Each suite opens to the Aegean Sea and the volcano beyond, offering private terraces and outdoor hot tubs where time slows and the landscape becomes part of the experience. Thoughtfully designed for couples, Sun Rocks is not just a place to stay, but a place to retreat.

WHERE WE ARE

FIROSTEFANI

Santorini is one of the world's most iconic destinations, celebrated for its dramatic Caldera cliffs, volcanic landscapes, and breathtaking sunsets over the Aegean Sea. From whitewashed villages perched above the cliffs to panoramic views of the volcano and surrounding islands, the island offers a unique blend of natural beauty, history, and refined island living.

Located above the Caldera, Firostefani is one of the most sought-after areas to stay in Santorini. Often referred to as the "crown of Fira," it offers uninterrupted volcano and sunset views in a quieter, more intimate setting. Just a short walk from the lively center of Fira, Firostefani combines convenience with privacy, making it ideal for travelers seeking both access and tranquility.

Exploring Santorini from Firostefani allows guests to experience the island at a relaxed pace. Scenic walking paths along the Caldera, peaceful mornings overlooking the Aegean, and unforgettable sunset views create a sense of calm and connection with nature. Whether discovering nearby villages, enjoying local cuisine, or simply taking in the view, Santorini offers an experience that is both timeless and deeply inspiring.

Luxury Suites

Our suites, fully renovated in 2021, have been designed to meet the needs of each couple and offer unique moments of relaxation combined with luxurious amenities. Merging the minimalistic aesthetics with elegant luxury, the fully renovated Sun Rocks suites have been specially designed for couples who yearn to experience the romantic holidays of their dreams with the most magnificent sea views, which they will be able to relish straight from their room. The earthy colors and white that dominate in the interior design, give a Cycladic air to the place and exude a sense of relaxation to the guests.
